concentrator

Be simply confident  
**on the go**

SimplyGo Mini is a reliable, powerful choice in lightweight portable oxygen concentrators

Are you living your life? Taking trips to the store, museum or a musical? Spending weekends away with friends and family? If you use portable oxygen, SimplyGo Mini is a powerful choice for a reliable and lightweight portable oxygen concentrator that can help you do what you want, when you want.

## Reliability you can count on

During development, SimplyGo Mini was rigorously tested in real world environments including impacts, vibrations, and temperatures to deliver reliable performance day in and day out.

### **Simply Portable**

From a walk in the park to an overnight trip, SimplyGo Mini may help you remain active and provide you with flexibility while on the go.

# You have the **power**

SimplyGo Mini offers easy-to-change lithium ion battery options with standard AC and DC power cords that add convenience and flexibility.

Choose the power option that works best for your lifestyle needs

**Available battery options:**

- Standard battery for battery duration up to 4.5 hours\* (pulse setting of 2 at 20 BPM). Resulting in total SimplyGo Mini weight of 2.3 kg
- Extended battery for battery duration up to 9 hours\* (pulse setting of 2 at 20 BPM). Resulting in total SimplyGo Mini weight of 2.7 kg

\*Battery duration times are based on new, fully charged batteries used with a new SimplyGo Mini system. Battery performance will reduce due to age, use of concentrator, settings and operating environment.
