**2017 HEATERS RANGE**

## Blow Heaters

The Blow Heater is predominately used for industrial heating and is perfect for getting rid of the early morning chill in your workplace. Available in different sizes, the Blow Heater provides the warmth you need, fast.

### General Features:

- Odourless operation, no fumes
- Safety shut-off on gas/flame/fan failure and overheat
- Proudly Australian made
- 220 - 240V electricity supply

### Safety Information:

- Not designed for indoor domestic use
- Allow a minimum room size as listed on the heater
- Permanent ventilation to outside atmosphere must be provided
- Local regulations should be followed as to the installation of industrial heaters
